Contributions

With the exception of a small federal tax payment of less than 1 percent, all contributions to America's Electric Cooperatives PAC go directly to the campaigns of candidates for political office. About half of all contributions go to support candidates for state office, the other half for federal office.

The PAC follows established procedures for making contributions to candidates running for political office. Factors that determine financial support include a candidate's:

- Position on issues critical to electric co-ops, as well as their votes and public statements on these issues.
- Committee assignments, leadership positions and relative importance to co-op's.
- Financial need and the strength of an opponent.
- A candidate's political affiliation is never taken into account.

Support Those Who Support Co-ops

America's Electric Cooperatives | PAC

A nonpartisan political action committee

Help your cooperative support those local legislators who help improve the quality of life in rural areas.

Your Invitation

America's Electric Cooperatives PAC is backed by more than 35,000 eligible employees, directors and consumer-members across the country, contributing an average of \$65 a year. By joining, you can support those legislators who support cooperative programs and initiatives.

The cooperative program will be facing many challenges in the coming year, from policy shifts in energy and environmental arenas, to continued pressures on how cooperatives operate. The PAC helps protect these cooperative efforts by connecting us with our legislators as we work to provide safe, reliable power at competitive rates and improve the quality of life in the communities we serve. Maintaining a strong grassroots presence in the political process is critical to the long-term success of electric cooperatives.

We hope you join us!

CEO/General Manager

Contributions to the NRECA America's Electric Cooperatives PAC are not tax deductible for federal income tax purposes. Contributions to America's Electric Cooperatives PAC are voluntary and will be used for political purposes. You have the right to refuse to contribute without reprisal. Federal law prohibits contributions from foreign nationals who lack permanent resident status. Any contribution guidelines presented are merely suggestions. You are free to contribute more or less than the suggested amounts, or not at all. NRECA will not favor or disadvantage anyone by reason of the amount contributed or a decision not to contribute. For more information on the PAC, please contact your local cooperative.

What is America's Electric Cooperatives PAC?

America's Electric Cooperatives PAC is a nonpartisan political action committee designed to direct financial contributions from co-op members to those legislators who actively support issues of importance to electric cooperatives. Your PAC contribution builds our collective strength, which is grounded in the relationships between local electric co-ops, the communities they serve and the candidates seeking to represent them.

The PAC supports candidates for state and federal office who will speak for and protect the interests of electric co-ops and their members. The group aims to provide a voice for electric cooperatives on all levels of government.
